WHITewater RAFTING

The Truckee River from Hirschdale to Floriston offers exhilarating Class I, II and III whitewater rapids. Local guide companies offer trips down the Truckee River daily during the summer with the trip winding down the Truckee River with beautiful scenery and thrilling rapids.

The companies offer transportation to and from the Truckee River, and provide all rafters with PFDs, helmet and paddles, and instruction on rafting and safety. Guides also share local information and history during the trip.

Local outfitters offering guide service are **Tahoe Whitewater Tours at (530) 581-2441** and **Irie Rafting Company at (530) 318-0576**. They also offer guided trips to other area rivers.

FLOATING THE TRUCKEE RIVER

Floating the 4.5 miles of the Truckee River from Tahoe City to River Ranch is a favorite pastime. It takes anywhere from 1 to 3 hours to float this section, depending on how fast the river is flowing. Some mild rapids, so do not take small children. There are places to picnic, as well as garbage cans and Porta-A-Potties at frequent intervals.

Commercial companies: Mountain Air Sports and Truckee River Raft Co. rent rafts, life jackets and paddles to float down the Truckee. They also provide rides back to Tahoe City. **Mountain Air Sports, (530) 583-7238; Truckee River Raft Co., (530) 583-0123.**
